

NORTHWEST LIGHTNING YOUTH GIRLS

MATCH REPORT

NORTHWEST LIGHTNING YG 13/3 (0) vs CAMDEN CATS (118)
ROUND 2 - SUNDAY 14 APRIL 2024
CATHERINE PARK ESTATE SPORTS FIELD

Summary of Game

After filling up with fuel (or charging the EV's) our Div 3 Bolts and supporters loaded up for a road trip just north of Canberra, OK not quite that far but it was a trek. On arrival it was white tape and time to get creative in how many #12 jerseys into something legible and another number, #72 was the highest we got to. That all sorted and warm up completed it was time to play. There was a noticeable vibe that our first game time suddenly made our bolts a team and already no longer a blend of Lightning and Kellyville.

As soon as the opening siren went the Cats clearly dominated and took us by surprise, however we managed slow the game with some fantastic groundball skills and supporting each other when under pressure. Coming in for the first break, there was a few bumps and bruises taken care of and with only one on the bench it was hardly enough time to regroup and catch a breath.

The scoreboard kept ticking over (for the Cats) and as difficult as it was out there, we found some momentum and our skills shone through along with a fantastic attitude by all. Every player, parent and supporter should be so proud of themselves and each other. The effort on the field never wavered and there were no slumped shoulders. Everyone just kept trying hard.

Thanks to everyone for the brave faces and behaving in a way that would make any club proud. Well done to all and let's just finish with "next time".

Enjoy the break and see you soon.

Score

Goals – Nil
