

MATCH REPORT

HBE UNDER 9s vs St Ives White
ROUND 7 – 26th May 2024
VENUE – Rofe Park

On a slightly modified field at Rofe Park, the boys continued their strong start to the season with a top shelf display against St Ives White.

The centre clearances gave the forwards plenty of possession to score some great goals up front. St Ives were committed and brave in their defence, but HBE just kept hitting their targets and taking marks.

HBE kept the momentum going throughout the game with goals scored through the middle, from some great passing in the pockets, and from our forwards working the ball behind St Ives defensive line for some un-contested shots.

St Ives were a few players down, with some of our boys stepping in to help, but they never gave up and showed plenty of heart to push us right through to the end.

Player of the Match - Will, with a great effort throughout the game including a strong mark in the 2nd quarter after finding some open ground and giving the midfield a long range target.

Courage Award – Zander, gave it his all for the whole game including helping out the other team, showing great sportsmanship.
